GAP
PROTECTION PLUS

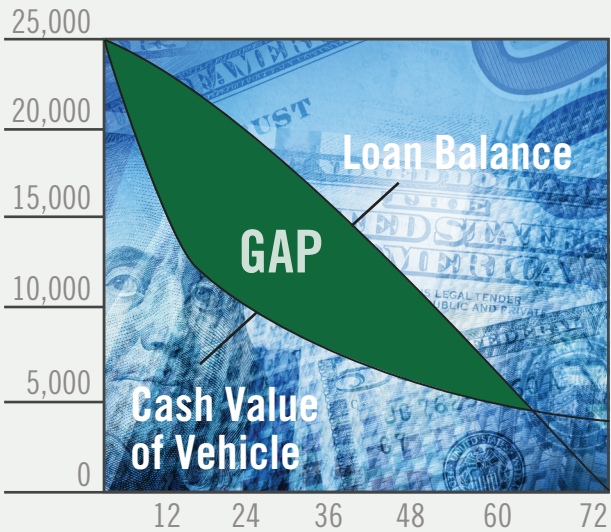

What exactly is GAP?

A vehicle's value often declines much faster than a loan or lease balance. The difference between this value and the balance is the GAP.

SITUATION: Your vehicle is wrecked or stolen and not recovered. The value that your insurance company places on your car is much less than the outstanding loan balance. You are responsible for repaying the GAP which can be thousands of dollars.

SOLUTION: GAP Protection PLUS! For a very small charge your lender will 'waive' its right under the loan contract to collect this Gap amount. GAP Protection PLUS! will pay off your remaining loan balance including your insurance deductible (see waiver limit) and pays \$1,000 toward finance cost of a replacement vehicle.

Gap Protection PLUS! will pay that balance and more!
